

Wade In The Water

Mary Mary

Wade in the water
Wade in the water children
Wade in the water
Don't you know that
God's gonna trouble the water
Don't you know that
God's gonna trouble the water

I stepped in water and the water is cold
Don't you know that
God's gonna trouble the water
Said it chilled my body but not my soul
Don't you know that
God's gonna trouble the water

Well I went to the water one day to pray
Don't you know that
God's gonna trouble the water
And my soul got happy and I stayed all day
Don't you know that
God's gonna trouble the water

There is love
(In the water)
In the water
(In the water)
There is joy yeah
(In the water)
In your water yeah
(In the water)
Your peace
(In the water)
Is in the water
(In the water)
Your deliverance
(In the water)
Is in the water yeah
(In the water)
Oh step in, step in
(In the water)
Joy is in the water
In the water yeah
(In the water)
Oh step in, step in
(In the water)
Love is in the water
(In the water)
Oh step in yeah
(In the water)
For deliverance
(In the water)
Everything
(In the water)
In the water yeah

Everything you need
(In the water)

Everything you need
(In the water)
Everything you need
(In the water)
Everything you need
(In the water)
Everything you need
(In the water)
Everything you need
(In the water)
Everything you need
(In the water)
Everything you need
(In the water)

God's gonna trouble the water
God's gonna trouble the water
(Yeah, yeah, yeah, yeah)
God's gonna trouble the water
(Ooh)
God's gonna trouble the water
Oh wade in the water
