

# Won't Ever Change

Mary Mary

All the things  
We stress about every day  
Glad to have one thing that just don't change

You know I'm here, always, forever  
Don't matter what happens  
I'm gonna stay the same  
Your life, you live it  
Don't waste it trippin'  
My love, I'll give it  
And it won't ever change

Question after question  
Always wonderin' and guessin'  
Is there anyone that will love me for me  
Someone who will help me  
Lead, guide and direct me  
That's just what I need  
And I heard you so clearly say

Want a different life?  
Don't like the wone you have?  
You've tried and wished and all that you did don't seem to help  
Can't be mad at the world  
Someone else is in those shoes  
Then a voice said believe in me 'cause I believe in you  
'Cause

A little faith  
And a little love  
And a little hope in The One Above  
Is all you really need to make it in this life  
So just keep listening  
To that voice deep inside saying
