

## He's A Lover

Mary Wells

(He's a lover)  
Some people talk about my guy  
They say he always acts so shy  
But I tell you truthfully  
When he's all alone with me  
He's a lover, yeah

(He's a lover)  
He's kind of quiet in a crowd  
He never likes to come on loud  
But when all the people go  
& we turn the lights down low  
He's a lover, yeah

When we're alone, he knows the sweetest things to say  
He holds me close & loves me in his own sweet way

(He's a lover)  
So let them talk about my guy  
& let them think he's kind of shy  
But I love him like he is  
& the secret's mine & his  
He's a lover, yeah

(Sax solo, with backup singing title twice  
(Oh yeah) my sweet lover  
(Oh yeah) quiet lover  
(Oh yeah) sweet sweet lover
