

Crime Spree

Masked Intruder

You and me we've got to find a way to get out of here
It doesn't really even matter where we go
We can steal a carton of cigarettes and a case of beer
Boost a car and hit the open road

So let's go on a crime spree together
We can do whatever we want, whenever
Two lovers against the law
Living on a prayer we don't get caught, so come on

You and me we've got to stop believing
That they know best
Laws were meant to be broken anyways
So let's dance to the rhythm
Of the heartbeat beating in our chest
Get a couple of guns and seize the day

Cause you only get so many chances in life
All alone is just no way to be
And I only feel home when you're holding me tight
So let's hold up the world you and me
