

Wish You Were Mine

Masked Intruder

All I want to say to you
Is that I wish you were mine
All I want to do to you, oh, oh
Is everything all the time

What I really think of you
Is you were sent from above
And all I'll ever ask of you
Is all of your love

But you lock yourself in your castle
Away from the pain and hassle
Oh, baby, can't you see
That you are locking out my love, as well?

I want you to show me romance
Won't you give a lonely masked man a chance?
Until you do I will be blue
And living here in my own private hell

'Cause I wish you were mine
You know I wish you were mine
Yeah, I wish you were mine
I wish you were mine

All I want to say to you
Is that I wish you were mine
And all I want to do to you, oh, oh
Is everything all the time

You lock yourself in your castle
Away from the pain and hassle
Oh, baby, can't you see
That you are locking out my love, as well?

I want you to show me romance
Won't you give a lonely masked man a chance?
'Til you do I will be blue
And living here in my own private hell

'Cause I wish you were mine
I wish you were mine
You know I wish you were mine
I wish you were mine

I wish you were mine
