

Defying Man's Creation

Massacra

Metabolic degenerations
The consequences of manipulation
Monsters were created in the thousands
Born dead creatures that live again
In order to protect all species
Guarded I labs for if and when
Embryos / degeneration
Signs of life / insemination
Preserved in a sanctuary
Sheltered in incubators
Brandnew biotechnology
This embryonic society
Splitting and changing molecules
When it's over who will be who
Test tubes / D.N.A.
Last survivors / will have to play
Protected
Geneotypes
Biologic
Memories
The ecological degradations
Are the cause of these genetic mutations
Hybred and deformed species
Are the results of this metamorphosis
Keeping the pure foetuses alive
Is the ultimate solution to survive
Cryogenic
Suspension
Defying
Man's creation
