## Massacre

She's so degrading  
Immoralized  
She's so deceitful  
Shot full of lies  
With open arms  
She pulled me in  
She spread her legs  
So full of sin

Impure wanton whore  
Unfaithful cunt  
Lustful seductive bitch  
She knows what I want

She's so lascivious  
Totally obscene  
She's so promiscuous  
And so unclean  
With both hands  
She pulled out my heart  
Stood back and laughed  
Tore me apart

Insidious wicked wench  
The femme fatale  
Sadistic vicious slut  
She brings me hell

Don't you ever speak - her name  
Don't you ever say - unnameable  
Hope you never do - the same  
Hope you never meet - unnameable

You'll see her mark  
Reprehensible stain  
Just never utter  
Her forbidden name

Don't you ever speak - her name  
Don't you ever say - unnameable  
Won't you hear my words - Christ  
Won't you ever learn - why  
Why
