

Body Body

Massari

Workin' that body body
Workin' that body body
Workin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

They know they never could touch her
She's as hot as the sun
They can go on and try
The way she moves like a fast car
Got you turnin' your head
Wanna get in and drive

Oooh, baby baby
Zoom zoom baby
Speedin' like a fast car
She moves like a fast car

Oooh, baby baby
Zoom zoom baby
Speeding like a fast car

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

She rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

The flyest thing I've ever seen, oooh
She's got a body like a dream machine
The way she moves is like a fantasy, oooh

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

I wanna know what she's ridin' on
Who shiftin' those gears
What's all under that hood
I wanna get in the driver seat
And turn on the lights
Handle it like I should

Oooh, baby baby
Zoom zoom baby
Speedin' like a fast car
She moves like a fast car

Oooh, baby baby
Zoom zoom baby
Speedin' like a fast car

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

She rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

The flyest thing I've ever seen, oooh
She's got a body like a dream machine, oooh
The way she moves is like a fantasy, oooh

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

Wanna ride them curves
'Cause she can handle it
Push it from zero to sixty
Wanna ride them curves
That sexy body frame
I know that she can keep up with me

Wanna ride them curves
'Cause she can handle it
Push it from zero to sixty
Wanna ride them curves
That sexy body frame
I know that she can keep up with me

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

She rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause

The flyest thing I've ever seen, oooh
She's got a body like a dream machine, oooh
The way she moves is like a fantasy, oooh.

You gotta love the way she rockin' that body body
She movin' that body
And when she workin' that body body
You gotta pause
