

# Body Body

Massari

Workin' that body body  
Workin' that body body  
Workin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

They know they never could touch her  
She's as hot as the sun  
They can go on and try  
The way she moves like a fast car  
Got you turnin' your head  
Wanna get in and drive

Ooh, baby baby  
Zoom zoom baby  
Speedin' like a fast car  
She moves like a fast car

Ooh, baby baby  
Zoom zoom baby  
Speeding like a fast car

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

She rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

The flyest thing I've ever seen, ooh  
She's got a body like a dream machine  
The way she moves is like a fantasy, ooh

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

I wanna know what she's ridin' on  
Who shiftin' those gears  
What's all under that hood  
I wanna get in the driver seat  
And turn on the lights  
Handle it like I should

Ooh, baby baby  
Zoom zoom baby  
Speedin' like a fast car  
She moves like a fast car

Ooh, baby baby  
Zoom zoom baby  
Speedin' like a fast car

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

She rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

The flyest thing I've ever seen, oooh  
She's got a body like a dream machine, oooh  
The way she moves is like a fantasy, oooh

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

Wanna ride them curves  
'Cause she can handle it  
Push it from zero to sixty  
Wanna ride them curves  
That sexy body frame  
I know that she can keep up with me

Wanna ride them curves  
'Cause she can handle it  
Push it from zero to sixty  
Wanna ride them curves  
That sexy body frame  
I know that she can keep up with me

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

She rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause

The flyest thing I've ever seen, oooh  
She's got a body like a dream machine, oooh  
The way she moves is like a fantasy, oooh.

You gotta love the way she rockin' that body body  
She movin' that body  
And when she workin' that body body  
You gotta pause
