

Forever Came Too Soon

Massari

I should of seen it coming
But I was blinded by your eyes
And the things that you use to say
(In your heart there was a place for me)
I'm trying to get over
But I can't shake the thought of you
Should of known and see the day
When we would say good-bye
Baby girl don't cry
Wipe your tears away
You're always in my heart
It don't no matter how far
Wishing I could stay

Forever came too soon
Wishing I could spend more time with you
We had dreams to be together, can't get over you
Forever came too soon
And all the promises we made
To be together, said we'd never throw it all away

I must be going crazy
Thinking I could ever let you go
After all that we've been through
It's breaking me to see your tear
I can't help but wonder
If all of this was a big mistake
Wish I never had to see the day
When we would say good-bye
Baby girl don't cry
Wipe your tears away
You're always in my heart
It don't no matter how far
Wishing I could stay

Forever came too soon
Wishing I could spend more time with you
We had dreams to be together, can't get over you
Forever came too soon
And all the promises we made
To be together, said we'd never throw it all away

There's no right or wrong reasons
Sometimes we go through change
And there's somethings left unanswered
That a heart just can't explain
Still I got this feeling taking over me
I just need to bring you closer
I don't wanna let you go

Forever came too soon
Wishing I could spend more time with you
We had dreams to be together, can't get over you
Forever came too soon
And all the promises we made
To be together, said we'd never throw it all away
