

What About The Love

Massari

What About The Love
What About The Love
What About The Love
What About The Love
What About The Love

I belie in lie
Tryn'a deny all of this love
I've been feeling inside
My Girl I shoul'da been yours
I couldn't let go
I was alone
Out here in the cold

I'm loosening faith everyday
I still call out your name
since you just went away
I wish I found a way to go
where we used to be at

What About The Love
What About The Love
What About The Love
What About The Love
What About The Love

Ohh
Yo bring me to my knees
I used to be afraid
But lately I ain't feeling the same
