Master P

See I've Benn like Goin through a few minor difficulties  
You know Me and My Girl benn gettin into it  
She done left  
I lost a few loved ones  
But I'm a Hustler  
That's why they Label Me a Fool  
Ain't That a joke...

Look Into These eyes of a fool see broken dreams and lonely nights  
Stressed out days  
Tv With no antenna  
Just pretend there's more losers than winners,  
And some times I say " UGGGGGGHHH" To release my damn pain  
Or pick up the phone to call my grandmama cause she kept me in the game  
Before why'all say nothin prama , can't emagine life with out big mamma So m  
any  
Snakes and killas, jackers and piranahs.  
See This game Got me way Deep,I pray the lord I wake before I sleep  
See some say your friend be your emney,  
Don't trust no one but your family  
But All the love I show when I'm around  
I wonder if they show us that when I'm down  
See you a king when you sittin on top  
But you a fool when you finally drop  
I Thank the lord for every thing I got and its No Limit Till My times  
Stopped. Uggghhhh!!!!

Fool... Cause you can't Fool Me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me  
Call Me a Fool But You can't fool me

I Never Tried to Be Like This.....  
See I Came Up different didnt have a lot never had a lot of food on the  
Table top  
I know where you came from I know it was hard for a soldier like me in the  
Dirty south  
Ran with the boys who were serving clucks  
Mashed up with my homies just to make a buck  
You know where I Came  
But Look In My Eyes I hungry as hell I'm Ready to Die  
My familys ashamed cause I'm caught in the game  
Take me out the 9th ward and mabye I'll change  
Call me a bad seed cause I smoke my trees before I Brush my teeth I'm Allway  
s  
In black Ready to ride  
No Limit is my only reply  
I'm screamin it when I'm leavin see the fire in these foolish eyes  
Don't Give a Damn about the Po-Po  
Find a ride with my brotha on my girl then I'm solo  
Ghetto Vet With No Athority
