Master P

Nobody moves, nobody get hurt {What?}  
Don't make me put yo' face on a t-shirt with some dirt  
{Motherfucker it's on!}

I retired from the game til you niggaz got me fucked up  
I'm back for 2000 to get y'all bitches and y'all niggaz bucked up  
The media started hatin cause I made my money on the corner  
I'm like the Energizer Bunny, on some weed and Corona  
Now y'all don't wanna fuck wit me  
I got some killers that'll bust wit me  
and I represent that C-P-3  
til I'm motherfuckin six feet deep!!!  
Nigga I'ma ball til I fall, no fakin it's all real  
How many niggaz can roll through the project, that made \$56 mill?  
We all tatted, all gatted, we hustlers, y'all addicts  
Now who the fuck want static? I got the automatics

Motherfucker we back  
To all the hater niggaz thought No Limit was fallin off  
I'm here to set the record straight  
MOTHERFUCKER I'M GOIN OFF!  
On all you bitches speakin behind the microphone  
One more word and I'ma follow you home  
Empty my chrome, up in your dome  
It's the Y-2-K motherfucker WE CAME TO CRUSH BONES!  
Eternal sleep to all you niggaz talkin beef  
I cut you up and eat you I'm a, wild fuckin beast  
I'm like a fuckin bomb and P's the designator  
Go 'head and push the button, LET ME GET RID OF ALL THE HATERS!  
.. Nann nigga here can fade us, so BOW MOTHERFUCKER  
BOW TO THE FUCKIN GREATEST!

We put the choppers up, my nigga done put the legs down  
Niggaz think we playin at first, but shit done got serious now  
We make nightmares come true, when we come through  
Nigga you don't wanna fuck with us  
that there they see what a nigga did done you, run who  
and I don't believe in that ten years down the line shit  
Revenge so when you come through? Bury your lil' son too  
Shit is real now  
We walk away, fuck nah I was taught to spray  
If the drama too big for what I got on my hip  
P and Magic brought the 'K  
Niggaz done fucked up the game  
That's why they got stuck for they chain  
Niggaz ain't real killers, niggaz ? looked up in vain  
See I ain't no killer, but if come down to it I'll bust yo' brains in  
I don't give a fuck who around me, never touch my No Limit chain again

[Chorus]
