Niggas takin rides to Hollywood, turning into fags

Listenin to families just throw it in the bag
And these mothafuckas mad they ain't never had the shit that I had, for the spotlight
Nigga comin from the projects
Rappers livin off advances, never had a royalty check
And how a nigga gon' make it faking, dog?
At the least, marrying hoes that used to take it off
A nigga like me take my loss and shake it off
I'd rather go back to nothing than let you bitches ball
Fuck the TV, the movie deals, the spotlight
Before I let a bitch like Kris Jenner run my life

Spotlight

Sell they soul for the spotlight
Take it off for the spotlight
See it's all about the spotlight
Do anything for the spotlight
Sell they soul for the spotlight
