

## Blind Hatred

Master

Americans have often been disliked  
The end of terror is nowhere in sight  
Supporting the Al Quaida no one knows  
100 comb the streets as they explode

Hatred, Blind Hatred  
Four more years of terror

A war based on deception is this right?  
Insurgents line up to engage and fight  
As blood flows Urban warfare shows its might  
The citizens of Irak have no rights
