

# Judgement Of Will

Master

Worth more dead  
Worth more dead than alive  
It's often said  
The judgement of will will decide  
Plot to kill  
A feeling that we've been deprived

Those insurance policies  
Forcing murder violently  
We've assumed the monthly plan  
We're accustomed to demand

Money spent  
The bills of the trust must be paid  
Sickness bent  
The worth of the man not his fate

Those insurance policies  
Forcing murder violently  
We've assumed the monthly plan  
We're accustomed to demand

Worth more dead  
Worth more dead than alive  
It's often said  
The judgement of will will decide

Worth more dead
