

## Victims Of Jesus

Master

Victims of Jesus, they stand by his side  
Predicting the future, absorbing his lies  
Bent on redemption, exploiting their faith  
Claim a connection, the great christian race  
Hail to the preacher, the richest one  
Send your donations, support his sons  
His promise to save you, just stand in line  
Will he decieve you, or make time  
Stand in his honor, their faith is their claim  
Look over yonder, there is nothing to gain
