

Cause we do it again

Masterboy

Cause we do it, we do it, we do it again
Cause we do it, we do it, we do it again

Raining than sun anymore
Shine the light for me to keep darling
Sunshine knew the morning to know soon
The moon is accompanying
And still breathe it, yeah, to fine
Wait, please, the finger feels inside

Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)

Do as bet the feeling
And it's fine, any time you could be mine
And still breathe it, yeah, to fine
Wait, please, the finger feels inside

Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)

Sunshine knew the morning to know soon
The moon is accompanying

Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)
Do it again and again (cause we do it, we do it, we do it again
)

Cause we do it, we do it, we do it again
Cause we do it, we do it, we do it again
Cause we do it, we do it, we do it again
