

Alder Smoke Blues

Masters of Reality

I heard it on the radio
I saw it in the video
I played it on my stereo
And I loved it
Saw it in the stars
Saw it in the sky
Saw it in the way
You never said goodbye
I'd walk a mile
For the smile of the ever golden child
Come to me in the morning baby
Standing in the sun
She laid it in the cards
Saw it in the sky
Saw it in the way
You couldn't say goodbye
Come back baby
