

## Alder Smoke Blues

**Masters of Reality**

I heard it on the radio  
I saw it in the video  
I played it on my stereo  
And I loved it  
Saw it in the stars  
Saw it in the sky  
Saw it in the way  
You never said goodbye  
I'd walk a mile  
For the smile of the ever golden child  
Come to me in the morning baby  
Standing in the sun  
She laid it in the cards  
Saw it in the sky  
Saw it in the way  
You couldn't say goodbye  
Come back baby
