

She Got Me

Masters of Reality

She got me when she got her dress on
She got me when she got her dress on
She got me me when she looked fine
When she got her dress on
She got me when she got down
When she got her dress on

She got me when she got her dress on
Got it on

She got me when she got her dress on
She got me when she got her dress on
She got me when she looked fine
And now she gets it all the time
She got me when she got her dress on

She got me when she got her dress on
Got it on
