

## Tilt - A - Whirl

Masters of Reality

See'mon little child just sitting there  
See'mon down to the county fair  
Out on the highest peaks  
Where we can speak our piece  
Up on the ferris wheel  
We can make a nice round deal

Out on the Tilt-A-Whirl  
You will be my little girl

See'mon away with me and  
Spend another day with me  
And we can run around  
The kind of place that love is found  
It's all for you and me  
To burn up in ecstasy

Out on the Tilt-A-Whirl  
You will be my little girl

Hey babe my fire  
My heart's on fire  
Hey babe my fire  
My heart's on fire

Out on the Tilt-A-Whirl  
You will be my little girl

See'mon child just sitting there  
See'mon down to the count
