Tilt - A - Whirl

Masters of Reality

See'mon little child just sitting there See'mon down to the county fair Out on the highest peaks Where we can speak our piece Up on the ferris wheel We can make a nice round deal

Out on the Tilt-A-Whirl
You will be my little girl

See'mon away with me and
Spend another day with me
And we can run around
The kind of place that love is found
It's all for you and me
To burn up in ecstacy

Out on the Tilt-A-Whirl You will be my little girl

Hey babe my fire My heart's on fire Hey babe my fire My heart's on fire

Out on the Tilt-A-Whirl You will be my little girl

See'mon child just sitting there See'mon down to the count
