And I live by the wood  
They say I ain't bad  
I'm the best that I've had  
And I know it ain't right

And I know it ain't right  
But I'll fight my whole life  
Just to prove I was right

Cloaked beneath silver redeems

Smoking mirrors black obsidian  
Tell us where to find the marrow

The prophecy will be realized  
Lord of the near and the nigh  
Professor of earth and sky

It's right in front of me  
The throne of maladies  
It's right in front of me  
Your malignancy
