Mastodon

Yeah
Float away

Known so low
You run away
Desolate us
Desolate all

No love is lost
You know we're weightless
Climb
Under my wing
Climb

Known so low
You run away
Desolate us
Desolate all

No love is lost
You know we're weightless
Climb
Under my wing
Climb

Known so low
You run away
Desolate us
Desolate all

Grown so slow
You run away
Desolate us
I'm sailing away
