

# Stargasm

Mastodon

The temple of bodies  
A building with souls  
Given the cosmos  
As we let go  
As we let go

Locked in a dance  
Surrounding the moon  
This far from the clouds  
Stargasm flows  
Stargasm

Lead us by horses  
On the way to our graves  
Father the owl  
It is your faith  
It is your faith

Awake in the moment  
Awaken the heart  
Look to the spirits  
Stargasm glows  
Stargasm

And then we shift into overdrive  
But you're not here  
And your legs and the stars collide  
You're on fire  
You're on fire  
You're on fire

Henged from solstice  
Bohemian grove  
Flesh lies the altar  
As we let go  
As we let go

Glasses are empty  
The owl has flown  
Sever relation  
Like you didn't know  
Like you didn't know

And then we shift into overdrive  
But you're not here  
And your legs and the stars collide  
You're on fire  
You're on fire  
You're on fire
