Mastodon

All the love I've shown  
Given to the ones I've known  
All the love I make  
Is equal to the love I take  
All the life I've known  
Given to the life I've shown  
Along the way

Free from it all  
Breathe in the darkest fall  
We laugh and cry through a brother's eyes for now

Through fire embers glow  
Haunted I lift the stone  
Letting go your spirit flies

All the love I've shown  
Given to the ones I've known  
All the love I make  
Is equal to the love I take  
The light is fading fast  
Be careful of the ones you left  
Along the way

Free from it all  
Breathe in the darkest fall  
We laugh and cry through a brother's eyes for now

Through fire embers glow  
Haunted I lift the stone  
Letting go your spirit flies

The thorns are on the road  
The thorns are on the road

In the morning light  
The sparrow flies  
When the moon devours us  
The planet dies

Free from it all  
Breathe in the darkest fall  
We laugh and cry through a brother's eyes for now

Through fire embers glow  
Haunted I lift the stone  
Letting go your spirit flies
