## Matchbook Romance

You found revenge in the bed  
And it only cost a name  
You make me sick, sick to my stomach  
Sick, sick to my stomach

Keep me in suspense  
But you're just shootin' blanks  
All I hear is bang, bang  
All we fear is the bang, bang

And no, you'll never have to see  
You'll never have to see me  
Never have to deal with me again  
If that's what you want  
And that's what you get  
And no, you'll never have to see  
You'll never have to see me  
Never have to deal with me again  
You'll never have to deal with me again

Keep me in suspense  
And tell me what it meant  
The anxious air between you and me  
Look me in the eyes  
And tell me what it meant  
Just before we both go...

I never looked back  
Cross my heart and hope to die  
I did it for love, love  
A pretty thing called love, love

I wanna overdose on a kiss  
Leaving me lifeless  
Will you be my drug, drug?  
Yeah, be my drug, drug

And no, you'll never have to see  
You'll never have to see me  
Never have to deal with me again  
If that's what you want  
And that's what you get  
And no, you'll never have to see  
You'll never have to see me  
Never have to deal with me again  
You'll never have to deal with me again

Keep me in suspense  
And tell me what it meant  
The anxious air between you and me  
Look me in the eyes  
And tell me what it meant  
Just before we both went numb

Keep me in suspense  
And tell me what it meant  
The anxious air between you and me

Look me in the eyes  
And tell me what it meant  
Just before we both go numb

Keep me in suspense  
Keep me in suspense  
Just before we both go numb
