## Argue

## **Matchbox Twenty**

She don't, but she will He says anything to keep her by him She takes, what she gets, and she never did flinch over, and over, anyone With any mind would think that's all she gets

If you want you can get to know me well We get along so we shouldn't argue And I don't know, said I don't know All these feelings, cloud up my reasoning Cloud up my reasoning

I know, but I still Believe in ignorance as my best defense So go on, wreck me Funny how I carry on, and not be taken over Will not roll over on anyone, Cause anyone would stand up on my side

If you want you can get to know me well We get along so we shouldn't argue And I don't know, said I don't know All these feelings, cloud up my reasoning Cloud up my reasoning

You know it's funny how sometimes, It don't work out like you want to No you never get nothing at all Then she tells you that it's over, boy don't you hate it when it's over I guess something just got lost, and it deeply saddens me So over, and over anyone, who's anyone

If you want you can get to know me well We get along so we shouldn't argue And I don't know, said I don't know All these feelings, cloud up my reasoning Cloud up my reasoning
