

## Could I Be You?

Matchbox Twenty

Something is wrong  
With the sum of us  
That I can't seem to erase  
How can I be  
The only one  
Without a smile on my face  
When now

You're laughing out loud  
At just the thought of being alive  
And I was wondering  
Could I just be you tonight?

You show your pain  
Like it really hurts  
And I can't even  
Start to feel mine  
And I'm standing in place  
With my head first  
And I shake I shake I shake  
And I see your progress  
Stretched out for miles  
And miles

You're laughing out loud  
At just the thought of being alive  
And I was wondering  
Could I just be you tonight?

This is the sound that I make  
These are the words I chose  
But somehow the right thing to say  
Just won't come out

Ccause you're laughing out loud  
At just the thought of being alive  
And I was wondering  
Could I just be you tonight?  
I was wondering  
Could I just be you  
Tonight?
