

Could I Be You?

Matchbox Twenty

Something is wrong
With the sum of us
That I can't seem to erase
How can I be
The only one
Without a smile on my face
When now

You're laughing out loud
At just the thought of being alive
And I was wondering
Could I just be you tonight?

You show your pain
Like it really hurts
And I can't even
Start to feel mine
And I'm standing in place
With my head first
And I shake I shake I shake
And I see your progress
Stretched out for miles
And miles

You're laughing out loud
At just the thought of being alive
And I was wondering
Could I just be you tonight?

This is the sound that I make
These are the words I chose
But somehow the right thing to say
Just won't come out

Ccause you're laughing out loud
At just the thought of being alive
And I was wondering
Could I just be you tonight?
I was wondering
Could I just be you
Tonight?
