

# Last Beautiful Girl

Matchbox Twenty

This will all fall down like everything else that was  
This too shall pass and all of the words we said  
We can't take back

Now every fool in town would've left by now  
I can't replace all of the wasted days  
The memory of your face - I can't help thinkin'

Pred-Refren  
Maybe if we ever coulda kept it all together  
Where would we be  
A thousand lost forever  
And the promises you never were giving me  
Here's what I'm thinking

It won't be the first - heart that you'll break  
It won't be the last - beautiful girl  
The one that you wrecked - won't take you back  
If you were the last beautiful girl in the world

So tell me one more time  
How you're sorry about the way  
This all went down - you needed to find your space  
You needed to still be friends  
You needed me to

Call you if I ever couldn't keep it  
all together you'd comfort me (should have believed)  
Tell me bout forever  
And the promises I never should have believed  
Here's what I'm thinking

R:  
It's over now - and I've gone without  
'Cuz you're everyone else's girl  
It seems to me - you'll always be  
Everyone else's girl  
Everyone else's girl

This will all fall down  
Like everything in the world  
This too must end  
And all of the words we said  
We can't take back

R: 2x

The last beautiful girl in the world (last beautiful girl)  
You are the last beautiful girl (last beautiful girl)
