## Matchbox Twenty

It's amazing  
How you make your face just like a wall  
How you take your heart and turn it off  
How I turn my head and lose it all

It's unnerving  
How just one move puts me by myself  
There you go just trusting someone else  
Now I know I put us both through hell

I'm not saying there wasn't nothing wrong  
I just didn't think you'd ever get tired of me  
I'm now saying we ever had the right to hold on  
I just didn't wanna let it get away from me

But if that's how it's gonna leave  
Straight out from underneath  
Then we'll see who's sorry now  
If that's how it's gonna stand, when  
You know you've been depending on  
The one you're leaving now  
The one you're leaving out

It's aggravating  
How you threw me on and you tore me out  
How your good intentions turn to doubt  
The way you needed time to sort it out

I'm not saying there wasn't nothing wrong  
I just didn't think you'd ever get tired of me  
I'm now saying we ever had the right to hold on  
I just didn't wanna let it get away from me

But if that's how it's gonna leave  
Straight out from underneath  
Then we'll see who's sorry now  
If that's how it's gonna stand, when  
You know you've been depending on  
The one you're leaving now  
The one you're leaving out

The one you're leaving now  
The one you're leaving out

I'm not saying there wasn't nothing wrong  
I just didn't think you'd ever get tired of me

But if that's how it's gonna leave  
Straight out from underneath  
Then we'll see who's sorry now  
If that's how it's gonna stand, when  
You know you've been depending on  
The one you're leaving now  
The one you're leaving out

Tell me is that how it's going to end  
When you know you've been depending on

The one you're leaving now  
And the one you're leaving out

The one you're leaving now  
The one you're leaving out
