

Overjoyed

Matchbox Twenty

Feeling my hands start shaking
Hearing your voice I'm overjoyed
I'm sorry but I have no choice, you're only getting better
Maybe you have your reasons
Maybe you're scared, you're feeling down
Are you crying when there's no one around?

Oh then maybe, maybe if you hold me baby
Let me come over I would tell you secrets nobody knows
I can not overstate it, I will be overjoyed

That smile on your face like a summer
The way that your hand keeps touching mine
Let me be the one to make it right

And maybe, maybe let me hold you baby
Let me come over I would tell you secrets nobody knows
I can not overstate it, I will be overjoyed

And if you want, we'll share this life
Anytime you need a friend, I'm gonna be by your side
When nobody understands you, well I do

So maybe maybe, let me hold you baby
Let me come over I would tell you secrets God only knows
I can not over state it, I will be overjoyed
Baby let me come over I would tell you secrets nobody knows
I can not over state it, I will be overjoyed
Yeah I will be overjoyed,
Oh I will be overjoyed!
