Tan-black

Mates of State

Color it tan
Color it black
I think they both go nicely
Coloring man, stop stuttering man
You fall on the floor, it goes nicely

Color it tan
Color it black
I think they both go nicely
Coloring man, stop stuttering man
You fall on the floor, it goes nicely

But what were you thinking, it's July
You're gonna ride it
You're gonna ride it out

No I'm sorry but I lied
You're gonna ride it
You're gonna ride it out

Color it tan
(Woah, stop stuttering man)
Color it black
(You fall on the floor and it goes nicely)
I think they both go nicely

Color it tan
(Woah, stop stuttering man)
Color it black
(You fall on the floor and it goes nicely)
I think they both go nicely

And I think it might be worth it now, yeah-eah
And it might be worth it now
And I think it might be worth it now, yeah-eah
And it might be worth it now

What were you thinking, it's July
You're gonna ride
You're gonna ride it out

And I'm not sorry but I lied
You're gonna ride it
You're gonna ride it out

And it might be worth it now, yeah-eah
And it might be worth it now
And it might be worth it now, yeah-eah
And it might be worth it now, run
