

## Lying To The Moon

Matraca Berg

I watch the sun going down while I stand on sacred ground  
Where once the night found us in the twilight of our love  
You said you'd meet me here but I'm all alone  
You sounded so sincere, well, did you lead me on?

I told the starry sky to wait for you  
I told the wind to sigh like lovers do  
I even told the night that you were true  
And you would be here soon  
And now I'm lying to the moon

And so the night takes me in like a sympathetic friend  
And sends away the trees and the willow weeps for me  
The shadows fool my eyes and I think I see you  
Then they start to cry, don't you know that they believed you?

I told the starry sky to wait for you  
I told the wind to sigh like lovers do  
I even told the night that you were true  
And you would be here soon  
And now I'm lying to the moon
