

## For You

Matt Cardle

You've got him I heard  
Such a messy start  
Everyone gets hurt...  
Friends get torn apart  
I hope you know.

That I'm so damn sorry  
So damn sorry  
Tied up in all this fun girl  
Nuts I can't undo  
But I can try, it's the least that I can do  
For you.

Blame gets thrown, around  
The truth's my only sound  
Before you go  
I hope you know

That I'm so damn sorry  
So damn sorry  
Tied up in all this fun girl  
And nuts I can't undo  
But I can try, baby I can try...

I'm so damn sorry  
So damn sorry  
Tied up in all this fun girl  
And nuts I can't undo  
But I can try, it's the least that I can do  
For you  
For you...
