You've got him I heard Such a messy start Everyone gets hurt... Friends get torn apart I hope you know.

That I'm so damn sorry
So damn sorry
Tied up in all this fun girl
Nuts I can't undo
But I can try, it's the least that I can do
For you.

Blame gets thrown, around The truth's my only sound Before you go I hope you know

That I'm so damn sorry
So damn sorry
Tied up in all this fun girl
And nuts I can't undo
But I can try, baby I can try...

I'm so damn sorry
So damn sorry
Tied up in all this fun girl
And nuts I can't undo
But I can try, it's the least that I can do
For you
For you...
