I've been waiting, pacing along the halls ever since you left here

I've been cleaning, scrubbing the plates and weeding out the garden dear

I can't fall asleep to your mystery slowly blowing from the sho re

I have not failed to be what you'd expect of me Swallowing glass just to stay pure

All the birds are heading down south but you're staying up nort h you say

I've got jackets blankets and sheets, its going to be a cold de cember

It could be warm you see, a statue next to me Swimming away from the ice and snow Could I have failed to see the signs in front of me Warning and flashing symbols, subtle and simple I couldn't see I couldnt see

If only time could slow down, maybe I could come up
It's such a cold december
It's such a cold december
Its so cold

I cant fall asleep to your mystery slowly blowing from the shor e

I have not failed to be what you'd expect of me Swallowing glass just to stay pure

Summers come and summer has gone Your christmas cards cant comfort me You've found new friends and tied all the ends It's freezing in the loneliest winter

It could be warm you see, a statue next to me Swimming away from the ice and snow Could I have failed to see the signs in front of me Warning and flashing symbols, subtle and simple I couldnt see I couldnt see

If only time could slow down, then maybe I could come up It's such a cold december It's such a cold december It's so cold
