

## Someday

Matt & Kim

They say time can tell  
But can time say  
Falling out from under me  
And hours turn into weeks  
Like concrete streets  
Falling out from under me  
Falling out from under me

I might grow old someday  
But I won't turn pale and gray  
Dim down the lights

And when my body aches  
My bones won't break  
Falling out from under me  
Falling out from under me

I might grow old someday  
But I won't turn pale and gray  
Dim down the lights  
I'm turning up tonight

I might grow old someday  
But I won't turn pale and gray  
Dim down the lights  
I'm turning up tonight

I'm turning up tonight  
I'm turning up tonight  
I'm turning up tonight  
I'm turning up tonight
