

New State Of Mind

Matt Maher

She's a lot like grace, she's a lot like grace
I can't live without her and when I'm with her
The world, it looks like a better place
She's a lot like grace, she's a lot like grace
I'm tripping all over my fallen self
She completes me anyways

Hold my heart up to the light
Next to you, I'm more than alright
I've got nothing left to hide
I'm walking around in a new state of mind

She's a lot like mercy, she's a lot like mercy
Getting more than you deserve and your fortune isn't earned
She forgives before you say you're sorry

Hold my heart up to the light
Next to you, I'm more than alright
I've got nothing left to hide
I'm walking around in a new state of mind

This is a mystery
That you would love me
For the rest of my life
All the way to eternity
This is a mystery
That you would love me
I give you everything
On the way to eternity

Hold my heart up to the light
Next to you, I'm more than alright
I've got nothing left to hide
I'm walking around in a new state of mind

Just hold my heart up to the light
Next to you, I'm more than alright
I've got nothing left to hide
Now I'm walking around in a new state of mind
I'm walking around in a new state of mind
