

Don't You Dare

Matt Morris

Here, long before the clear, I was here
Singing songs alone, in empty rooms
And I can't forget your voice, it's crystal clear
I hear it callin' out, and you say

I told you everything I swear
So don't you dare
I told you everything I swear
So don't you dare

Love, let me try again
I reach out, but you're nowhere to be found
And time stands still, when i hear your voice
The perfect sound, the best around
That's callin' out, and you say

I told you everything I swear
So don't you dare
I told you everything I swear
So don't you dare

No more, don't leave, don't walk away
I told you everything i swear
No more, don't make me lose my sane
I told you everything...

I told you everything I swear
So don't you dare
I told you everything I swear
So don't you dare

I told you everything I swear
So don't you dare
I told you everything I swear
So don't you dare

Oooooooooo
Don't you dare
