

Let It Go

Matt Morris

Please lay down next to me
Next to me
Hear me loud
Let me speak
Let me speak

Please, let it fall
Let it fade
Let it go
Please, let it fall
Let it fade away
Let it go

Words that I didnt mean
Didnt mean
Made you cry quietly...quietly

So please, let it fall
Let it fade
Let it go
Please, let it fall
Let it fade away
Let it go

Please, let it fall
Let it fade
Let it go
Please, let it fall
Let it fade away
Let it go
