

Watching Over You

Matt Morris

Lonely, sometimes this world can be so lonely
You feel like you're the one and only
Who's ever felt this way before

Praying, you hope and pray that someone's listening
Who knows exactly what you're missing
Although you think that no one's watching over you

You are not alone when I am here for you
I promise, I'm watching over you
I'm watching over you

Waiting, time moves so slowly when you're waiting
It feels like heaven's hesitating
To answer when you call

Healing, there'll come a time when you are willing
To open up to what you're feeling
And don't forget that I am watching over you

You are not alone when I am here for you
I promise, I'm watching over you
I'm watching over you

I'm watching over you
You are not alone when I am here for you
I promise, I'm watching over you
I'm watching over you
I'm watching over you
