## Suspended

## **Matt Nathanson**

When you lead me and fit around my tongue It's so easy, to forget that I'm lost Spent all of my life waiting for answers To lift me, to numb me, to define it all Sunshine I'm beginning to like this 'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for Time slips to nothing and I'm better than I've ever been Yeah I'm suspended With your breathing, filling up my lungs I can almost believe that I'm almost enough I spent all of my life emptied of anthems Bracing for something that never did come Sunshine I'm beginning to like this Sunshine I'm beginning to like it 'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for And time slips to nothing and I'm better than I've ever been Yeah I'm suspended It's not enough to stay surrounded It's not enough to stay awake, torn and braced, cornered And not feel alive Sunshine I'm beginning to like this Sunshine I'm beginning to like it 'Cause all I want to be is the minute that you hold me in When you pretend that I'm all that you waited for And time slips to nothing and I'm better than I've ever been Yeah I'm suspended Yeah I'm suspended I'm suspended
