

# Weight of It All

Matt Nathanson

I'm weak when you miss me  
When you roll me on your tongue..  
When you whisper me your best moves  
I almost believe you  
But you don't know me at all

I spent days stupid nailed to your floor  
And I spent nights pushed against you  
Just trying to keep warm  
But you don't know me at all

Show me where the sun comes through the sky  
I'll show you where the rain gets in  
And I'll show you hurricanes  
And the way that summer fades  
Underneath the weight of it all

I'm covered by lovers,  
Who recite lines  
Convinced that their bodies  
Are gonna save mine, oh  
But you don't know me at all

Show me where the sun comes through the sky  
I'll show you where the rain gets in  
And I'll show you hurricanes  
And the way that summer fades  
Underneath the weight of it all  
The weight of it all

Show me, show me where the sun comes through the sky  
I'll show you where the rain gets in  
And I'll show you hurricanes  
And the way that summer fades  
You can lift me up  
To put me down again  
Underneath the weight of it all  
The weight of it all
