## **All I Know**

Matt Wertz

I don't know how the stars hang Or how there's night and then there's day I dont know how you spoke into the black And made it all obey

All I know is the bleeding in my heart And the healing in your touch All I know is that you gave everything So let that be enough 'Cause it's all I know

I dont know how your love works How you cover me in grace I dont know how you swallow all I am When I can't stand my taste

All I know is the bleeding in my heart And the healing in your touch All I know is that you gave everything So let that be enough 'Cause it's all I know

I can't explain your mystery But I know the answer

All I know is the bleeding in my heart And the healing in your touch All I know is that you gave everything So let that be enough 'Cause it's all I know
