

Bring It on Back

Matt Wertz

Tell me you miss me
Tell me you love me too
The telephone just ain't the same as lyin' next to you
Tell me you're drivin'
Say that you're almost home
Cuz girl it's gonna feel so good when I finally get you here al
one

[CHORUS:]

So just bring it on back bring it on back baby tonight
I said bring it on back bring it on back baby tonight
Finally gonna cure this lonely girl it's gonna feel so right
So just bring it on back bring it on back baby tonight

Sittin' here in the quiet
I whisper in your ear
The sound of your heartbeat is the only thing I wanna hear
Lost in the moonlight
Tangled up with you
Come on pretty baby I've been going crazy
Thinkin' bout what we can do

[CHORUS]

The world outside is getting colder
And I just wanna hold you closer
Never gonna let you go

[CHORUS]
