

Get to You

Matt Wertz

Another open road, another midnight highway
For this wayward soul, mmm, but if I had it my way
I'd close these miles, I wouldn't be this far
From everything I know, from where you are

Wherever I'm headed to, walls I've gotta break through
I'm gonna make my move, mmm, I'm gonna get to you
Can't get there fast enough, gonna crash into your love
Do what I have to do, I'm gonna get to you
Mmm, gonna get to you

I'm gonna kiss your face, it's gonna start a fire
I'm gonna say the words, mmm, let me break this silence
I'm gonna make a scene, mmm, get under your skin
I'm gonna shout it out, ah, let the truth rush in

I'll run, I'll walk, I'll climb,
No matter what it takes, gonna get by your side

Wherever I'm headed to, walls I've gotta break through
I'm gonna make my move, mmm, I'm gonna get to you
Can't get there fast enough, gonna crash into your love
Do what I have to do, I'm gonna get to you
Gotta keep going, gotta make my move
Ooh, I'm gonna get to you
