

# Snow Globe

Matt Wertz

La la la-la, la la la-la, la la la-la ah la-la  
La la la-la, la la la-la, la la la-la ah la-la

There's a window into a magical place  
Where I've always wanted to go  
And am I dreaming or am I awake  
I don't know it just feels like home

'Cause Santa's always on the way  
It's Christmas morning every day

Sometimes I wished I lived in a snow globe  
Where the wind blows  
It's wonderful  
And every single time that you shake it  
You'll make it  
So beautiful

La la la-la, la la la-la, la la la-la ah la-la  
La la la-la, la la la-la, la la la-la ah la-la

Candy canes, they grow on trees  
And snowmen come out to play  
Everyone lives in a gingerbread house  
What a shimmering holiday

Come with me, yeah take my hand  
To glitter blizzard wonderland

Sometimes I wished I lived in a snow globe  
Where the wind blows  
It's wonderful  
And every single time that you shake it  
You'll make it  
So beautiful

La la la-la, la la la-la, la la la-la ah la-la  
La la la-la, la la la-la, la la la-la ah la-la

[Repeat Chorus 2x]
